COUNTERFEIT BONDS .- Mr. L. E. Chittenden, formerly Register of the Treasury, has been here for some days past, gathering testimony in relation to the counterfeiting or issuing of the counterfeit \$1,000 Seventy-thirty bonds. It will be remembered that the Government redeemed about one hundred of these bonds for Jay Cook & Co., Vermillia & Co., Fiske & Hatch, and other bankers, and when they found they were counterfeited demanded that the money be returned, and also refused to cash any more of them, it appearing that a number of these spurious bonds were still in the hands of some of the bankers. This Seven-thirty plate was stolen from the Treasury Department, and a lead impression of it taken, and from this the bonds were printed. S. W. Clarke was Chief of the Printing Bureau and Wm. Woods Chief of the Detective Division at the time. Subsequently some of the parties were arrested, and the plates discovered, but not before a number of the bonds had been placed in circu lation. They were so much like the genuine that the most expert bankers were deceived in them. It appears now that the Government intends entering suit against the bankers for the amount of the bonds they have redeemed, and the bankers intend to demand payment for the bonds they yet have on hand, as they claim that they are not counterfeit, but a spurious or over issue, for which the Government should be responsible. The suit will be brought in New York. - Washington Letter.

Contributions continue to be made in Baltimore, in behalf of the fund for the relief of the sufferers by the calamity in Richmond. A publie meeting was held on Tuesday, called by Virginians living in Baltimore, and committees appointed to collect subscriptions. They collected \$3,305 in a very short time. The City Council and the Board of Trade held meetings and adopted resolutions of sympathy and condolence. At the Baltimore American office, \$2,384 have been received for the relief fund, and \$1,565 at the Gazette office. A relief meeting was called to be held in New York yester-
